

FEDERAL JUDGE SCORED BY JUDICIARY COMMITTEE

Tyranny and Oppression Is Charged Against Incumbent Fourth of July Programme Rounding To In Good Shape

After a long discussion last night it was resolved to make the tug of war contest open to any resident of Tonopah, regardless of union affiliations, and the announcement meets with the approval of all those who are familiar with the men about to enter on the teams organized by the west side and the east side miners.

The horse races are receiving notice from local boys who are busy

training every night and it is reported that the Montana mine will have a team entered. Nothing has been said in an official way about this aggregation of sprinters, but it is stated on excellent authority that Herman Albert is going to put on the harness as spike to set the pace. It is expected that four teams will enter to make it interesting for the boys from Manhattan, who are said

to be training in style that will enable them to carry off first money unless the local teams show better speed than they have been displaying. The Manhattan men are right up in the collar and get off with a speed that calls for pretty quick work if the Tonopah teams are going to capture the prize.

C. T. Lawrence, secretary of the Manhattan Volunteer Fire department, has written Poke Kelly, chairman of the race committee, asking for information as to whether the boys run in harness or not, distance to be covered, weight of carts and all other data which may prove helpful to the contestants from the north. Replying to this inquiry Chairman Kelly wrote:

"Replying I will say the conditions are as follows: Run 100 yards, lay 150 feet of hose, break, connect nozzle and get water. All teams will run with the same cart, carrying 200 feet of hose. Run to be made without harness. Purse of \$150, winner take all."

The Goddess of Liberty contest begins today and everybody is invited to take part in selecting a representative young lady to officiate on the memorable day as the guest of the executive committee. The choice must be made known on June 30th, as the committee has to arrange for robing the candidate in a garb befitting the occasion and must have a few days for the dressmaker to attend to the wants of the successful girl. A coupon appears in this issue of the Bonanza which should be filled out with the name of yourself and the person you would like to see in the role of Goddess of Liberty and dropped in one of the boxes distributed around town. The names of W. H. Welshar, Poke Kelly and Scott Mullen were added to the committee.

The finance committee has met with a cordial reception on all sides and funds at the disposal of Chairman Wittenberg now aggregate \$4,165 with every prospect of increasing the total to \$4,500, as the executive committee will need that amount to enable it to carry its plans through to a satisfactory conclusion.

Chairman Lee, of the fireworks committee, reported that after a careful examination of the surrounding elevations he was of the opinion that the best place for a display would be from Green mountain, south of the courthouse, where the pyrotechnics would be visible to persons situated in any part of camp. The choice was approved and a voucher for the biggest consignment of fireworks seen in the district was ordered issued to Mr. Lee. This committee will also see that a salute is fired from the top of Mount Oddie at daybreak of the holiday. The meeting, after an informal conference of chairmen, adjourned to Thursday night at the same place.

"Power in the carrier, primarily to meet competitive conditions in any point of view by charging a lower rate for a longer than for a shorter haul, has ceased to exist because to do so, in the absence of some authority, would not only be inimical to the provision of the fourth section, but would be in conflict with the preference and discrimination clauses of the second and third sections.

"But while the public power, so to speak, previously lodged in the carrier is thus withdrawn and reposed in the commission, the right of carriers to seek and obtain, under authorized circumstances, the sanction of the commission to charge a higher rate for a longer than for a shorter haul because of competition or for other adequate reasons, is expressly preserved and, if not, is in any event by necessary implication, granted.

"And as a correlative authority of the commission to grant on request the right sought, is made by the statute to depend on the facts established and the judgment of that body in the exercise of a sound legal discretion as to whether the request should be granted, compatibly with a due consideration of the private and public interests concerned, and in view of the preference and discrimination clauses of the second and third sections."

TREAS. FRANKLIN APPOINTS FORMER DEPUTY TREASURER

N. K. Franklin, the new county treasurer, has taken possession of his office at the courthouse and has given a temporary cash bond for \$20,000 through the Tonopah Banking corporation. The first official act of the incumbent was to reappoint Mrs. Gilbert deputy. The new bond is to protect the county until the surety company completes checking up the office.

THE TEMPERATURE.

Highest temperature yesterday, 78; a year ago, 80.
Lowest temperature last night, 50; a year ago, 53.

AVERAGE OF LIFE INCREASED BY FIFTEEN YEARS

STATEMENT OF MEDICAL PRESIDENT ABOUT SCIENTIFIC ADVANCES.

(By Associated Press.)

ATLANTIC CITY, June 23.—"In the last century the average of human life has been increased by fifteen years. This increase could be duplicated the next twenty years if the facts we now possess were effectively employed," said Dr. Victor Vaughan, president of the American Medical association, at the annual convention today. "We boast of a great civilization, but this boast is justified only within certain limits. The historians of the future will have no difficulty in convincing readers that those who lived in the beginning of the twentieth century were but slightly removed from barbarism, as he will tell that the saloon and school furnished in proximity, that capitalists worked their employees under conditions which precluded soundness of body; that the labor man dynamited buildings, while we sent missionaries to convert Moslems and Buddhists; that ten thousand murders were committed annually in our midst, and that a large percentage of our mortality was due to preventable diseases."

LEAPS FROM LEVEL TO MOVING CAGE AND IS CRUSHED

MINER INJURED WHEN HE JUMPS TO A MOVING CAGE AT AURORA.

AURORA, June 23.—Joe Donatelli, aged 26, of the Aurora Consolidated Mines company, working in the Humboldt mine, was seriously injured last week. He was at the 200-foot station waiting for the cage. He signalled the engineer to stop at this station.

At the time he gave the signal, the cage was below at the 400-foot level, and Frank Spaulding, shift boss, already on cage, had previously given a signal to the engineer to hoist to the 100-foot level.

The cage not stopping at the 200-foot level, Donatelli proceeded to jump upon the moving cage, although cautioned not to do so. When he jumped upon the cage his head did not clear the shaft and was caught between the wall plate and the cage. His head was badly crushed, and the right jaw broken in two places. The shift boss gave a signal to stop as quickly as possible after realizing the situation. The cage was stopped and then lowered in order to release the body.

Donatelli was taken to the engine room where Dr. Edwards, the company physician, dressed the wounds, and he was then put in an auto and sent to the hospital at Mason. From reports received from Mason, Donatelli has slight chance for recovery.

MINER BLOWS SELF TO ATOMS WITH DYNAMITE

SILVER CREEK, June 23.—Sick and without means, Peter Regoni, a miner 40 years old, committed suicide here by exploding two sticks of dynamite under his breast in the middle of the main street of the town. Regoni was suffering from miners' consumption.

SECRETARY OF MINERS' UNION UNDER ARREST

TRINIDAD, Colo., June 23.—Dan Lee, secretary of the Miners' union at Papetown, El Paso county, was lodged in jail here in connection with the killing of nine employees of the Rocky Mountain Fuel company during a battle with strikers at Forbes on April 29.

For quick results try the want ad columns of the Bonanza.

CANNOT RECOMMEND ACQUITTAL OR FORCE AN IMPEACHMENT FOR OFFICIAL MISCONDUCT

(By Associated Press.)

WASHINGTON, June 23.—"Your sub-committee regrets inability to recommend either the complete acquittal of Judge Speer of all culpability so far as charges are concerned, or impeachment." This was the conclusion submitted to the house judiciary committee by a special sub-committee which for months has been investigating charges of official misconduct against Emory Speer, federal judge of the southern district of Georgia.

The report reviews the evidence and with severe comments held that some of the judge's actions tend to approach a condition of tyranny and oppression, but recommended that no further proceedings be had by the house. Nineteen charges had been preferred against the judge.

Entire Town Shuts Up Shop To Help Farmers Save Crops

(By Associated Press.)

HOXIE, Kans., June 23.—The entire male population of this village responded today to an appeal for aid from a delegation of farmers, and donning overalls, began work in the harvest fields. Eastern harvest hands imported by farmers quit work because of the intense heat. Crops were being impoverished and the farmers appealed to the village residents. The court house is locked while county officials, merchants, attorneys, physicians and the lone editor went into the fields.

CRISIS IN IRISH HISTORY FORCED BY A NEW BILL

LIBERAL LEADER TRIES TO NULLIFY THE HOME RULE LAW.

(By Associated Press.)

LONDON, June 23.—A crisis in connection with grafting home rule to Ireland entered another stage when the Marquis of Crewe, Liberal leader in the house of lords, introduced a bill to amend the Irish home rule bill. The terms amending the bill are identical with those offered in March by Premier Asquith and contemptuously refused by Sir Edward Carson, the Irish Unionist leader, who described the premier's proposal as a "hypocritical sham."

By the new bill parliamentary elections in each county of Ulster will be allowed to decide by vote whether the county will be excluded from the provisions of the home rule bill for six years from the first meeting of the new Irish parliament. The situation has never been paralleled in parliamentary procedure in the British Isles. Never has a bill been presented to parliament to amend a measure not yet on the statute books.

LEOPOLD STEINER PASSES AT HIS HOME IN SPARKS

Another aged resident of Nevada passed away yesterday morning when Leopold Steiner died at the advanced age of 81 years at his home in Sparks.

Most of his life he had lived in this state, coming to Nevada in 1854. He engaged in stock raising in Austin, and sold his interests in Austin in 1906, transferring his business interests to Sparks.

He was the father of George Steiner, partner of Mayor Al Blundell in the Torgery company at Sparks. He was also father of Mrs. Alice Steiner Rineker; C. L. Steiner, of Kings county, Cal.; W. J. Steiner, of Austin; H. Steiner and Mrs. George S. Steiner, both of Sparks, and Mrs. A. Maestretti, of Austin.

He was a member of the Masonic lodge of Austin.

CARRANZA WILL NOT RECOGNIZE HUERTA IN NEGOTIATIONS

ONLY WAY TO MEET DICTATOR IS ON THE FIELD OF BATTLE.

(By Associated Press.)

NEW ORLEANS, June 23.—Carranza will not accept the invitation of the United States to send representatives to meet informally the agents of Huerta and endeavor to select a provisional president for Mexico, according to Alfredo Breceda, privet secretary of Carranza, a member of the latest commission Carranza is sending to Washington. He said: "Carranza will not treat with Huerta excepting on the battle field."

BELGIAN STEAMER RUNS ASHORE ON SCILLY ISLANDS

LIFE SAVERS HOPEFUL OF SAVING ALL HER PASSENGERS.

(By Associated Press.)

LANDS END, England, June 23.—The Belgian steamer Gothland, from Montreal for Rotterdam, ran on the rocks in a dense fog off Bishop rock, Scilly island. The vessel carried 34 passengers. Lifesavers and boats are trying to rescue, with the chances good.

BORES THROUGH 125 FEET OF WOOD SINKING WELL

LOYALTON, June 23.—Fred Turner is speculating as to whether there is a buried forest under his farm. Turner, in driving a well on his farm, struck wood at ninety feet. He continued sinking and passed through in all 125 feet of decomposed wood. He thinks he hit a buried tree.

SUGAR KING'S DAUGHTER TO MARRY AN OLD DUKE

NEW YORK, June 23.—Advice from London announce the engagement of Miss Edythe Havemeyer, daughter of the late Henry Havemeyer, of New York, and the Earl of Euston. The earl, who was born in 1856, is the heir of the Duke of Grafton, who is 93 years of age.

A new electric toaster is enclosed to retain the heat and save current.

ORGANIZED WORK AND FEDERAL OWNERSHIP INDORSED

JOHN WANAMAKER EXPRESSES HIMSELF FRANKLY ON INDUSTRIAL LIFE.

(By Associated Press.)

PHILADELPHIA, June 23.—"It's an insane thing not to recognize organizations of labor," said John Wanamaker, before the United States commission on industrial relations. He said he believed labor "suffered dreadfully," partly because of poor leaders.

In discussing public ownership as a means of reducing industrial strife, Wanamaker said he "absolutely believed" in government ownership of public utilities. "I believe the government should own the railroads, which would bring one cent postage. He painted a rosy future for the workingman. "Men and women on a rising market are being better educated, have more sanitary surroundings and no longer are mats for the rich man to wipe his feet."

VENERABLE PIONEER'S REMAINS ARRIVE

TAKEN TO HOME OF DAUGHTER TO AWAIT THE FUNERAL TOMORROW.

The body of the late Mrs. W. C. Humphrey arrived this morning from Carson City and was removed to the home of her daughter, Mrs. Gilbert, until tomorrow afternoon, when the funeral service will be conducted at Masonic hall at 2:30 o'clock under the auspices of the Eastern Star, of which deceased was a member. Mr. W. C. Humphrey, who died April 3, 1910, had the distinction of being the oldest Mason in Nevada, as he had been a member of the order for 60 years, but he and his wife were comparatively recent members of the Eastern Star. The body was received by a committee of the Eastern Star, who accompanied the remains to Mrs. Gilbert's home.

Mrs. Humphrey, before her marriage in 1864, was known as Annie Butler and a closer study of her life shows she was born in Indiana instead of Illinois, October 2, 1832. She removed to Illinois as a child and came across the plains to Austin, Nevada. Death was indirectly due to a cataract for which she left her home in Manhattan to be treated, the shock of the operation proving fatal. At various times Mrs. Humphrey lived at Austin, Belmont, Grantsville and Sodaville, and for the past eight years has been a resident of Manhattan and beloved by every person in that camp.

W. R. C. CARD PARTY.

The postponed card party of the Woman's Relief Corps will be held tomorrow afternoon at Knights of Columbus hall at 2:30 o'clock. Refreshments will be served.
